Because A.A. has never attempted to keep formal membership lists, it is extremely difficult to obtain completely accurate figures on total membership at any given time. The information shown here is based on reports given by groups listed with G.S.O.s around the world and does not represent an actual count of those who consider themselves A.A. members. We are aware of A.A. presence in more than 180 countries, including 60 other autonomous general service offices in other lands.
